THIS IS HOW IT WORKS

1.
You can register for sharing service at www.swissecar.ch.

2.
Book an E-Car via the app «Swiss E-Car» for the desired period and location.

3.
Open the vehicle on site with the app.

4.
Disconnect the charging cable from the car and hook it into the charging station. After that? Drive off!

5.
Return the car to the parking space within the time limit. Connect the charging plug to the car and start charging with the card at the charging station.

6.
Deposit the card back in the e-car, lock the vehicle and end the booking with the app.
